JOHN R. WILLIAMS, P.E.  
REGIONAL DIRECTOR

STANLEY GEE  
ACTING COMMISSIONER

March 3, 2011

Dear Business Owner:

The New York State Department of Transportation (NYSDOT) would like to take this opportunity to thank you once again for your patience throughout the reconstruction of NY Route 42 (Broadway) in Monticello. The project team at NYSDOT and FAHS Construction Group hope you will enjoy the finished product. Construction work will begin again in March, weather permitting, and I would like to provide you with a summary of what to expect this spring and summer.

As you are aware, last year saw the reconstruction of most of the highway, including new sewer, water and storm sewer systems, new sidewalks, planters, curbs, median and subbase for the roadway. This year's plan is to finish the full-depth excavation of the southwest end of the project between Jefferson Street and Forestburgh Road, and continue the installation of water, sewer and storm systems, as well as sidewalks and new traffic signal systems. The final asphalt course will be paved and striped after this work is completed in late summer. In addition, landscape plans have been finalized and plants will be installed after the roadwork is concluded.

Again, we thank you for your patience during this project. If you have any concerns about the highway reconstruction project (Contract No. D260965), please contact Glenn Sanders, Construction Engineer-In-Charge, by telephone at (845) 791-7057, or via email at [gsanders@dot.state.ny.us](mailto:gsanders@dot.state.ny.us). You may also contact me by telephone at (607) 721-8254, or by email at [kmangan@dot.state.ny.us](mailto:kmangan@dot.state.ny.us).

Sincerely,

Kathryn A. Mangan, Project Manager  
Region 9 Planning & Program Management
